ABOUT US

Designco, with a turn-over in tune of 100 million dollars, is the India's fastest growing handicrafts export company, offering customers every choice in terms of materials like; wood, glass, metal and stone with multiple finishes. At Designco, We provide sophisticated, one-stop-shop solutions to meet our customers' specific needs and helps to create a platter of offerings where they have more choice, more options to choose from. Today we have evolved to a point, where-in we are catering from exclusive designers to mass retailers, equally effectively.

Our global team of designers and trend-experts work daily to ensure that our products shall be tuned to the latest trends and with reliable global compliance.

We have invested millions in our infrastructure & support systems, adding backward integration processes, commissioning a number of machines and improving the quality of man force through skill-development programs. We are one of the most important innovators in the market, and the main challenger for the handicrafts exports market. We are committed to achieving the highest standards when meeting the needs of our customers through competitive pricing, quality, and reliable delivery. By leveraging our global network, market knowledge, and advanced technology, we have the capacity and flexibility to rapidly respond to evolving trends in consumer and production markets.

**India's fastest
Growing
handicrafts
company**

Our customers have showered us with nothing but love and confidence; owing to this we have become the fastest growing handicrafts company in India.
